Scot Stockton
South Bay Professional Association
Torrance, California

Hello Scot,

I've been fully occupied with the challenges of this new position and the seemingly endless meetings that go with it. I wanted to take a few minutes to say thank you to all my colleagues there at SBPA for the support, the encouragement, and the lessons I learned there. Without all of that, I'm not sure I could have kept the positive attitude and the motivation to make this happen.

Keeping organized was never my strong suit and SBPA provided the means and the structure to help "fine tune" my Job Search and Interview Techniques. Since I hadn't been out of work for almost 20 years, walking into today's job search market was, for me, like visiting another planet. Fortunately for me, the diverse group of professionals that make up the SBPA helped bring me up to speed quickly so I was able to get down to the business of finding the "right position."

To all the friends I made there at SBPA I wish you success and speed in finding your next position. If I were asked if the time I spent with the SBPA was worthwhile, my answer would be a resounding yes! My life is a little bit richer from the experience and for that I'm grateful.

Regards,
Mike Fellen
